

Melissa Sprau, NCIDQ

Licensed Interior Designer Melissa Sprau brings over a decade of commercial and healthcare design experience to the dental industry. Her team of award-winning dental designers works with over a thousand practices annually, designing spaces that are as efficient as they are beautiful. Melissa helps dentists align the quality of their space with the quality of their care. Through her coaching, practitioners across the country learn how to discover their brand, infuse it into their interior, improve patient experience and boost team productivity.
