Dr. Lorne Lavine, founder and president of The Digital Dentist, has over 30 years invested in the dental and dental technology fields. A graduate of USC, he earned his D.M.D. from Boston University and completed his residency at the Eastman Dental Center in Rochester, NY. He received his specialty training at the University of Washington and went into private practice in Vermont until moving to California in 2002 to establish TDD, a company which focuses on the specialized technological and HIPAA needs of the dental community.

Dr. Lavine has vast experience with dental technology systems. He is a CompTia Certified A+ Computer Repair Technician, CompTia Network+ certified, and is a HIPAA Certified Security Professional. As a consultant and integrator, he has extensive hands-on experience with most practice management software, image management software, digital cameras, intraoral cameras, computers, networks, and digital radiography systems.

Dr. Lavine writes for many well-known industry publications and lectures across the country. He is the regular Technology columnist for Dental Products Report. His articles have appeared in Dentistry Today, Dental Economics, Dental Equipment and Materials, Dental Practice Report, New Dentist, Dental Angle Online, and DentalTown magazine, where he was a moderator of ten of their Computer and Software Forums. He has lectured to the Yankee Dental Congress, American Academy of Periodontology, American Academy of Endodontics, the DentalTown Extravaganza, and numerous State Dental Society and Study Club lectures. In addition, he is a member of the Speaking and Consulting Network. He is also the former technology consultant for the Indian Health Service.
